FOR IMMEDIATE RELEASE

St. James Mercy Hospital Honors Staff and Volunteers National Hospital Week

May 4, 2018...Hornell, NY – As part of National Hospital Week, May 6-12, St. James Mercy Hospital (SJM) has a number of events scheduled to commemorate the hard work and dedication to providing quality care in this community. SJMH employees will be treated to a free chicken BBQ and ice cream social, which will be served to them by Hospital management. A variety of daily employee discounts will also be available in the Hospital Gift Shop. And back by popular demand, is the website scavenger hunt with the opportunity to win a Wegmans gift card. To wrap up the Hospital Week celebrations, a banquet is planned on May 17 at The Main Place to thank volunteers and honor employees with milestone years of service to the hospital.

“The ongoing commitment of our employees and volunteers to this entire community is very admirable,” said Leo Brideau, Interim President and CEO of St. James Hospital. “They are the glue that keeps this hospital together, and they deserve our respect and gratitude.”

National Hospital Week was started by the American Hospital Association to celebrate hospitals and the women and men who support the health and wellbeing of their communities through dedication and compassionate care from the heart.

###

St. James Mercy Hospital was founded in 1890 and now provides a full range of inpatient and outpatient services, including emergency, acute medical and surgical, imaging, and laboratory. Specialty services include general surgery, physical therapy, Express Care, mammography, digital imaging, a Coumadin clinic, cardiac and pulmonary rehabilitation, and a personal emergency response system called MercyLine. The Hospital works on an ongoing basis to build collaborative relationships with a host of regional partners, in order to ensure the continued continuity of critical health care services in the Hornell community.
