## About the Foundation

The St. James Mercy Foundation knows that charitable giving is an important tradition for many people. Giving for the benefit of others is an outstanding way to affirm your values and priorities.

Contributions to the St. James Mercy Foundation allow us to invest in equipment and facilities to continually make improvements to meet local healthcare needs.

As a donor to the St. James Mercy Foundation, you may identify a particular project or department to benefit from your gift. Our goal is to make it easy for you to help us in a way that will be meaningful to you.

Please contact the Executive Director of the Foundation, at your convince, by calling 607-324-8194. We will be happy to answer any questions you may have.

## Committed to Our Mission

The St. James Mercy Foundation receives numerous gifts from people who share the commitment to the mission of St. James Mercy Health System:

*“Faithful to the pioneering spirit of our founder, Father James Early, and rooted in the traditions of the Sisters of Mercy, St. James Mercy Health System responds with innovation and excellence in meeting the diverse health needs of the rural community which it serves, with special concern for the poor, underserved and disadvantaged.”*

## Memorial Gifts

A memorial tribute to remember a family member or special friend is a very thoughtful way to recognize those who have been an important part of your life. Memorial gifts help the St. James Mercy Foundation to purchase equipment needed for patient care and to support programs and projects to serve our community. A brass name plate will be created in memory of the deceased and will mounted to the St. James Mercy Foundation Memorial Plaque in the hospital.
